

## Student Examples of Prediction

### Highly Proficient at Prediction

3. What do you think will happen in the rest of the story? What makes you think this?

Well, the title is "Abby Takes Her Shot."  
I think something will happen in the game (maybe a star player gets hurt) and Abby will get to take maybe a game deciding foul shot. They kind of set you up for it by Abby barely ever getting to play and her being so determined and keeping her commitment to the team.

### Not Yet Proficient at Prediction

3. What do you think will happen in the rest of the story? What makes you think this?

That Abby won't know how to play Basketball anymore. I think this because when she shoot the ball she hit the rim and missed.
