

## Upper-Level Spelling Inventory (USI)

The Upper-Level Spelling Inventory (USI) can be used in upper elementary, middle, high school, and postsecondary classrooms. The 31 words are ordered by difficulty to sample features of the within word pattern to derivational relations spelling stages. With normally achieving students, you can administer the entire list, but you may stop when students misspell more than eight words and are experiencing noticeable frustration. If any students misspell five of the first eight words, use the ESI to more accurately identify within word pattern features that need instruction.
